

# How Much H<sub>2</sub>O Does Mist Really Use in Comparison?

/ based on annual usage amounts /

**182,500**  
gallons average  
annual household  
use

VS

Koolfog.  
Inc Misting System

**540**  
gallons a year  
average

**BUT WAIT**

...flip over for more

HAVE YOU  
CONSIDERED...

1  
average cow  
consumes

915,567  
gallons in their life

That's 616 gallons of water  
to make one-quarter pound burger!

636 gallons

One egg requires 53 gallons of water

To create 1 loaf of bread requires

288 gallons

One slice equals 6.8 gallons

**If we really want  
to save water  
we should consider cutting calories...**
